*Guaranteed Cap Rate strategies with 5, 7 or 10 Year Guarantee Period refer to strategies with 5, 7, or 10 Year Initial Crediting Factor Guarantee Periods. For Guaranteed Cap Rate strategy options, the Cap Rate is fixed for each 1 Year crediting period during the selected 5, 7, or 10 Year guarantee period. After the guarantee period ends, the rate is no longer guaranteed and may change. Reallocations or transfers are permitted only at the end of each guarantee period.

The above are marketing names for the strategy endorsements noted: Cap Rate strategies refer to the Point-to-Point Cap Index Strategy Endorsement. Par Rate, Par Rate after 5%, and Par Rate after 10% strategies refer to the Point-to-Point Progressive Participation Index Strategy Endorsement with 0%, 5%, and 10% Index Change Thresholds, respectively.

The above percentages reflect either a Cap rate, Participation rate, Bonus rate, or Benefit Base Value corresponding with the title of the indexed interest option or feature in the left column. Rates in blue indicate rate change was made.
