## MYGA Plus™ Rate Sheet

Annuity: Single Premium Deferred

**NEW CONTRACT RATES | Effective 10/01/2026**

The MYGA Plus™ is a multi-year guaranteed, single-premium deferred fixed annuity with an Index-Linked Option offered by Ibexis Life & Annuity Insurance Company®. At its core, the MYGA Plus™ functions like a traditional multi-year guaranteed annuity (MYGA) product: it offers a Fixed Option that credits a simple guaranteed interest for a specific time (known as a Guaranteed Option Period or GOP). In addition, the MYGA Plus™ offers an additional premium allocation option. In the same contract, the client may also allocate up to 50% of their premium to an Index-Linked Option, which credits a guaranteed fixed amount if the S&P 500® increases during any annual period.

### Fixed Option

Pays simple interest as stated as an annual rate and this interest is credited to the contract value daily. This interest rate is locked in for the Guaranteed Option Period (GOP) selected and will not change during that time.

#### Fixed Option

| GOP                                                             | 3 Years | 5 Years | 7 Years |
|-----------------------------------------------------------------|---------|---------|---------|
| Guaranteed rate for low band GOP (10,000 - 99,999)              | 5.60%   | 6.05%   | 6.25%   |
| Guaranteed rate for high band GOP (100,000 - 2,000,000)         | 5.90%   | 6.35%   | 6.60%   |
| Guaranteed rate for low band GOP (10,000 - 99,999) CA Only      | 5.50%   | 5.95%   | 6.15%   |
| Guaranteed rate for high band GOP (100,000 - 2,000,000) CA Only | 5.80%   | 6.25%   | 6.50%   |

### Index-Linked Option

Offers a fixed annual rate that will be credited only if the tracked index (currently the S&P 500®) is higher than the previous year on a point-to-point basis. This is evaluated each year on the contract anniversary. If the index is higher than the previous year's value in any amount on the anniversary, the Index-Linked Option rate will be credited to the client's contract value based on the amount of premium allocated to the Index-Linked Option. Allocation can be between 0% to 50% of the total premium.

#### Index-Linked Option

| GOP                                                             | 3 Years | 5 Years | 7 Years |
|-----------------------------------------------------------------|---------|---------|---------|
| Guaranteed rate for low band GOP (10,000 - 99,999)              | 7.10%   | 7.35%   | 7.60%   |
| Guaranteed rate for high band GOP (100,000 - 2,000,000)         | 7.50%   | 7.75%   | 8.00%   |
| Guaranteed rate for low band GOP (10,000 - 99,999) CA Only      | 7.00%   | 7.25%   | 7.50%   |
| Guaranteed rate for high band GOP (100,000 - 2,000,000) CA Only | 7.40%   | 7.65%   | 7.90%   |

At the end of the GOP, the client has a 30 day window to either renew into the same GOP with new guaranteed rates, surrender charge schedule, and market value adjustment period (if applicable) or take their funds out via surrender, 1035 exchange, or Qualified Transfer without penalty.

## FIA Plus® Rate Sheet

Annuity: Single Premium Deferred

### NEW CONTRACT RATES | Effective 10/01/26

The FIA Plus® is a single-premium, deferred annuity from Ibexis Life & Annuity Insurance Company®. Initial premium may be allocated to the Index-Linked Strategy or the Annual Declared Rate Strategy, in any combination. All premium allocations are always fully downside protected from market risk. A Floor Limit will be elected at the time of application and may be adjusted on any contract anniversary. Selecting a Floor Limit less than 0% will automatically allocate the Tracking Value to the next available Floor, less than 0%, with sufficient Tracking Value Gains, and will generally provide higher upside potential.

#### Index-Linked Strategy

Initial premium may be allocated to the Index-Linked Strategy and any of the index options available or Annual Declared Rate, in any combination.

Reallocations may be made on any contract anniversary between the available index strategies by providing written notice on the applicable service form that is mailed at least 30 days before the contract anniversary. Similarly, the Floor may be adjusted by changing the Floor Limit, which is the lowest floor allowed for allocation by the policyholder.

#### Annual Declared Rate Strategy

Initial premium may be allocated to the Annual Declared Rate Strategy and will earn a stated annual interest rate guaranteed for one year. Interest in the Annual Declared Rate Strategy is credited annually to the Tracking Value.

Initial allocations and any transfers to the Annual Declared Rate Strategy may be reallocated to the Index-Linked Strategy on any contract anniversary.

## FIA Plus® Rate Sheet

Annuity: Single Premium Deferred

### NEW CONTRACT RATES - California | Effective 10/01/26

The FIA Plus® is a single-premium, deferred annuity from Ibexis Life & Annuity Insurance Company®. Initial premium may be allocated to the Index-Linked Strategy or the Annual Declared Rate Strategy, in any combination. All premium allocations are always fully downside protected from market risk. A Floor Limit will be elected at the time of application and may be adjusted on any contract anniversary. Selecting a Floor Limit less than 0% will automatically allocate the Tracking Value to the next available Floor, less than 0%, with sufficient Tracking Value Gains, and will generally provide higher upside potential.

#### Index-Linked Strategy

Initial premium may be allocated to the Index-Linked Strategy and any of the index options available or Annual Declared Rate, in any combination.

Reallocations may be made on any contract anniversary between the available index strategies by providing written notice on the applicable service form that is mailed at least 30 days before the contract anniversary. Similarly, the Floor may be adjusted by changing the Floor Limit, which is the lowest floor allowed for allocation by the policyholder.

#### Annual Declared Rate Strategy

Initial premium may be allocated to the Annual Declared Rate Strategy and will earn a stated annual interest rate guaranteed for one year. Interest in the Annual Declared Rate Strategy is credited annually to the Tracking Value.

Initial allocations and any transfers to the Annual Declared Rate Strategy may be reallocated to the Index-Linked Strategy on any contract anniversary.

### Rate Lock

If the annuity application is received in good order within 14 days of the application signed date, the rate is locked for 45 days from the application sign date. If the contract is issued within the 45-day rate lock period as outlined, the contract will be issued with the greater of 1) the locked-in rate(s) or 2) the rate(s) effective as of the date the contract is issued. If the contract is issued beyond the 45-day rate lock period, the contract will be issued with the current rate(s) that are applicable for the Fixed Interest Strategy and Indexed Strategy allocations elected as of the contract issue date. If the purchase payment is funded from multiple sources, the contract is issued once all funds specified on the application are received.

### Withdrawal Charge

The Company will impose a Withdrawal Charge against certain withdrawals from the Fixed Interest Strategy Value and/or the Indexed Strategy Values. The Company will calculate Withdrawal Charges in accordance with the Withdrawal Charge Schedule shown on the Contract Data Pages. RMDs are not permitted in the first year and should be processed prior to transferring any funds to Ibeis.

At the end of the contract withdrawal charge period, a client may continue the policy with no future withdrawal charges. They may also make a partial or full withdrawal without withdrawal charges. If a partial withdrawal is made, the policy will continue with no future withdrawal charges. The client may also choose to annuitize the contract under one of the available annuitization options.
